

## AMR PARTNER AG

### CORPORATE PHILOSOPHY

## Vision

AMR is the most successful provider of project management services in Switzerland and well-known in the market for the most successful project managers.

## Mission

On a daily basis, all AMR employees give their best in positioning the company on the market as a reliable and successful partner in project management. We support our clients in project management, so that together we will be more successful and competitive. We view our employees' careers as an important element of corporate success. Our Competence Center offers internal and external training courses, which take us to the top as specialized experts in project management.

***Your Project. Our Business.***

COMPANY VALUES

**Highest client satisfaction**

We place our clients and their needs in the forefront, and are appreciated by our clients as a partner.

**Service**

We not only present solutions - we also implement them. We provide a sustainable service and support the development of our employees.

**Partnership**

We work together with each other with appreciation and respect, and work on an equal footing with our employees, clients and partners. Respect and trust form the basis for our cooperation.

**Loyalty**

We have a loyal commitment to our clients and employees.

**Authenticity**

We count authenticity as one of our main features in terms of dealing with our clients, employees and partners.
